- Competitors are NOT allowed to be in the competition area, with any kind of fishing equipment or fishing, in the time from 13 - 25 September 2010
- The competition area consists of three extensive sections: A, B and C
- Lots will be drawn for the order in which teams will fish the various sections
- 50 hp are the motor horsepower limit. No boat size limit
- Boat engines over 25 hp have a delayed start - 30 minutes - from assembly point and must end fishing and return to assembly point 30 minutes before end time
- Teams which arrive late at the assembly point will have to relinquish their camera
- If this occurs during day 1 the team will be issued with a new camera for day 2, minus the number of exposed photos from the previous day
- If this occurs during day 2, the team will be issued with a new camera for day 3, minus the number of exposed photos from day 1 and day 2
- If this occurs during day 3, the team will be disqualified
- Use of echo sounders and GPS equipment are permitted
- Teams are NOT allowed to come closer than 100 meters to each other during competition time
- All competitors must wear life jacket or similar
- All teams must have a mobile phone and leave the number to the competition staff in case of emergency
- Every angler can take a selection of rods and artificial baits on the boat, but only ONE rod can be used at a time
- Spinning is the only permitted method of fishing
- Trolling is not permitted
- Fishing with live or dead bait is not permitted
- Keep nets or other similar equipment to hold fish are NOT permitted
- The philosophy of "Catch and Release" should be encouraged at all times
- Each team will be provided with a single-use camera by the organization
- Fish must be photographed closed to the measure board.
- Fish that are NOT held to the board will not be counted
- Pike which have been caught will be photographed and compared against a measuring tape
- All pike MUST be returned to the water immediately after measurement and photography
- Only pike longer than 50 cm will be eligible in the competition
- Fish must be held in a descent way (NOT to harm the fish)
- The combined length of the team's five (5) longest pikes will be the basis of the team's overall total
- **The team with the highest total wins the 1st Prize - 8000 euro in cash!**
- There are number of other prizes, for example 'longest fish of the competition' etc.
- A three person jury will study the photographs and select the winner
- The jury's decision is final
